BE PART OF SOMETHING SPECIAL

Event Sponsorship

Ingalls Development Foundation hosts two major special events annually to address the unmet needs, health, and societal changes of thousands of children and adults in the Chicago Southland.

**Your generosity changes and improves lives
and transforms community health.**

Our events are wonderful opportunities to unite community and business leaders, healthcare professionals, donors, and community stakeholders behind our mission to transform community health. Through event sponsorship, your business can align with the premiere hospital in the Southland in a very public way.

Enhance your company's visibility through logo inclusion in social media and event day banners as well as recognition in publications and various other promotional opportunities. Network and engage potential business opportunities, customers, and employees. Reward senior staff for their hard work and diligence.
